

JBL® Studio 270

3-way 6.5" Floorstanding Loudspeaker

Black

Espresso Woodgrain

Floorstanding loudspeaker. Groundbreaking sound.

As part of the groundbreaking 9-piece JBL Studio 2 loudspeaker series, the Studio 270 vaults you into a world where legacy sound-craft and visionary technology go hand-in-hand in shaping a listening experience like none before.

The Studio 270's 4" and 6.5" PolyPlas drivers are designed to bring you pitch-perfect vocal clarity and tight bass that's as accurate as it is cinematic. Add to these a built-in High Definition Imaging (HDI) waveguide design and a 1" CMMD Lite high-frequency driver, and you've got a loudspeaker that takes its cues from JBL's own legendary M2 Master Reference Monitor. Combine all this with the sleek, urbane design of the loudspeaker itself – both inside and out – and you're dealing with a rare breed of sonic horsepower and brainpower ready to define its era.

- ▶ 1" CMMD® Lite high-frequency driver for crisp, clean, powerful highs with low-distortion and wide dynamics
- ▶ High Definition Imaging (HDI) waveguide design for astounding imaging, natural balance, and remarkable high-frequency detail at any position in the room
- ▶ 4" and 6.5" PolyPlas drivers for enhanced vocal clarity and realism and tight, extended bass response
- ▶ Internal edge-to-edge bracing greatly reduces cabinet wall flexing, thereby significantly improving bass response and lowering distortion
- ▶ Solid cabinet construction with soft-rounded edges and no visible fasteners
- ▶ Gloss black top panel adds a touch of elegance to the sleek cabinet design
- ▶ Soft-touch paint covers the horn and driver trim rings for a clean, timeless look that blends easily with any décor
- ▶ Rear-firing Slipstream bass port minimizes port turbulence and audible distortion in the bass response
- ▶ Available in two attractive finishes: Black and Espresso Woodgrain

JBL® Studio 270

3-way 6.5" Floorstanding Loudspeaker

Features

4" and 6.5" PolyPlas drivers deliver unrivaled purity, power, and realism

Decades of JBL acoustic research and development have made their imprint. With its 4" and 6.5" PolyPlas front-firing drivers delivering unrivaled midrange accuracy and power, we'll let a masterpiece speak for itself.

1" CMMD® Lite high-frequency driver and High Definition Imaging (HDI) waveguide bring cinema-grade imaging and natural balance to your listening experience

The apex of 67 years of pioneering sound research at our JBL labs, the Studio 270 includes groundbreaking innovations like a High Definition Imaging (HDI) waveguide design and a 1" CMMD® Lite high-frequency driver in its framework. Together, these advances let you experience your sound purely and cinematically, with all its precision imaging, high-frequency detail, natural balance, and full spectrum mastery.

Visually striking 21st century design features that can't fail to seduce

The JBL way is to make it look as good as it sounds. And with the Studio 270, we've made no exception. With 21st century elegance that incorporates soft-rounded edges, black gloss paneling, and soft-touch paint, we've built something that seduces the eye as much as it commands the ear.

What's in the box:

- ▶ JBL® Studio 270 3-way 6.5" Floorstanding Loudspeaker
- ▶ Owner's Manual
- ▶ Carpet Spikes x 4

Product specifications:

Type: 3-way 6.5" Floorstanding Loudspeaker

- ▶ 165mm (6.5") PolyPlas low-frequency transducer
- ▶ Single 100mm (4") PolyPlas midrange transducer
- ▶ High Definition Imaging (HDI) horn design - 25mm (1") CMMD® Lite high frequency dome
- ▶ Recommended amplifier power: 20 – 200W
- ▶ Frequency response: 45Hz – 22kHz
- ▶ Sensitivity: 88dB
- ▶ Impedance: 8 Ohms
- ▶ Braced enclosure with Slipstream rear-firing bass port
- ▶ Dual gold-plated binding-post speaker terminals with bi-wire capability
- ▶ Dimensions (H x W x D): 1010mm x 237mm x 244mm (39-3/4" x 9-5/16" x 9-5/8")
- ▶ Weight: 16.1 kg (35.6 lb)
